Neuroimmunology

Test Name	Intended Use
Acetylcholine receptor (AChR) antibodies by RIPA	LDT for clinical use & clinical trial research
Acetylcholine receptor (AChR) antibodies by live CBA	LDT for clinical use & clinical trial research
Muscle specific kinase (MuSK) antibodies by RIPA	LDT for clinical use & clinical trial research
Low-density lipoprotein receptor-related protein 4 (LRP4) antibodies by CBA	LDT for clinical use & clinical trial research
Voltage-gated calcium channel (VGCC) antibodies by RIPA	IVD for clinical use & clinical trial research
Aquaporin-4 antibodies (AQP4) by live CBA	LDT for clinical use & clinical trial research
Myelin oligodendrocyte (MOG) antibodies by live CBA	Clinical trial research
Autoimmune encephalitis panel and paraneoplastic neurological syndrome panel	Clinical trial research
Autoimmune nodopathy antibody screen (NF140, NF155, NF186, CNTN1, CASPR1)	Clinical trial research
